

Sage 50 Accounting USA Version and Peachtree Password Recovery Service Instructions

We understand that your time is valuable. Please keep in mind that, for the protection of your data, the Password Recovery Service is a structured process. We must receive all of the requested information before we can begin the recovery procedures.

To crack or bust your password, we will need two things from you:

1. Our completed "Consent Form" (located on page 2 of this document)

We will need a "Letter of Consent" from a **Legally Authorized Officer of Your Company**. For security reasons we require an authorized person of your company to complete the Letter of Consent form. This form will need to be completed in its entirety and printed on **Company Letterhead** before we are able to recover or reset any password.

2. Your **CURRENT** company backup where we are actually changing the password.

Please use our secure drop box to send us these files:

<https://www.hightail.com/u/BestBusinessStrategies>

We will quickly change your password and get your file back to you in approximately three hours during normal business hours of 10AM - 5PM eastern time. Monday - Friday.

Weekend services are available with a scheduled appointment.

For Questions or to Schedule a Weekend appointment please call **800-898-3877 or 304-233-2612**.

LETTER OF CONSENT

To Whom It May Concern:
