

# System Requirements: Sage 50—U.S. Edition 2022

## Created on 06-22-2021 | Last modified on 04-05-2022

### Minimum requirements

**Note:** Sage will continue to allow Sage 50 Accounting—U.S. Edition to be installed on computers with Windows 7 for the foreseeable future, but some features may not work as designed in future updates. Beginning in March 2020, subsequent versions of Sage 50 Accounting—U.S. Edition will include a warning message when you attempt to install the product on a computer that is running an edition of Windows 7. However, the installation will be allowed to continue. See Article ID 103797: Will Sage 50 continue to support Windows 7 even though it is past its end of life? for more information.

#### Minimum system requirements

- 2.0 GHz processor for single user and multiple users
- 4 GB of RAM for single user and multiple users
- *Windows 8.1 or Windows 10 (version 1809 and higher) with the latest updates from Microsoft installed*
